Spanish: upper-intermediate

Polish: upper-intermediate

Ukrainian: native

PROJECT EXPERIENCE

- **ArtistsHUB (Team Project)**
- Repository Link:** <https://github.com/dmytro-serhienko/team-project-JS>
February 2026

Developed the Artists section by integrating API requests and modal windows, implementing dynamic content rendering, and using GSAP for UI animations for the entire site. Refactored the Feedback section, integrating third-party libraries to ensure robust form validation and stable data submission.

- **Fast Food Website (Pet Project)**
- Repository Link:** github.com/dmytro-serhienko/fried-chicken-website
December 2025

Developed a mobile-first, responsive landing page using BEM methodology, SCSS (Flexbox/Grid), and semantic HTML5. Implemented smooth navigation, an interactive menu, and engaging JavaScript animations. Managed version control with Git and deployed the project to GitHub Pages.

- **Watch Website (Pet Project)**
- Repository Link:** github.com/dmytro-serhienko/watch-website
December 2025

Developed an e-commerce landing page featuring high-quality visuals and a strong focus on user experience. Implemented a sticky header, scroll-triggered active navigation links, and a mobile menu using JavaScript. Built modular, scalable SCSS/BEM CSS and a fully responsive Flexbox grid layout with semantic HTML5.

WORK EXPERIENCE

Managing Director | 2024 - 2025
Setagro Center

- Launched online software; cut spare parts procurement costs.
- Optimized tracking to reduce technical maintenance expenses.
- Streamlined core business processes and team leadership.
